THE WILD CAT

The Senior Class
of 1965

JOHN J. WRIGHT CONSOLIDATED SCHOOL

Snell, Virginia

Presents
the

WILDCAT

FOREWORD

The word "Wildcat" automatically brings to the minds of the students here at Wright the word FIGHT. This has been the attitude of each senior while engaged in the process of reaching this milestone.

Whatever we are and have been as students is what we are trying to show in this annual. In fact, this book mirrors us. We have tried to make it the best. Soon the whole world will have its eyes focused on us as we go about our many endeavors.

Therefore, we leave with you these complied pages-our only trade mark.

DEDICATION

It gives us a great deal of gratification to dedicate our yearbook to the parents of John J. Wright. We are proud to have you share our conquest. We are sincerely indebted to you for the guidance, training, and encouragement you have given us through the years.

We realize that during these intervals of time, there have been many unhappy moments. We have faced many difficult problems, but with your capable guidance and encouragement, we have climbed another step on the ladder of success. As we continue to climb this great ladder, we must give glory to God, and our respectful regards to you. We realize that without God and you, we would not have succeeded.

When we have graduated and embarked upon our careers, may we endeavor to be leaders in our civic, social, and religious affairs. Let us remember that happiness and success come to those that lift the burdens of others.

PRINCIPAL

Congratulations! This marks the end of a long struggle for you. This struggle began in elementary school when you were selected as one of the seven Pilot Centers sponsored by the Virginia Teachers Association. The early years of your admittance into this program, I am sure, were fascinating and interesting to you.

This program involved working with many people including persons who are no longer on our staff. You were a part of many new things; thereby, allowing yourselves to be exposed to many experiments in our effort to enhance the quality of education here at our school. Many of you followed an accelerated program, but all of this must come to an end as you complete your high school work.

Behind all of the experimentations in which you have been involved, the real test lies ahead of you. You must now take the results of all the experiments and focus it on the future so that it will aid you in charting your own course. This will not be easy because of the many changes that have taken place during the years you were students here. Your involvement in the Pilot Center made great progress, although this progress was made under anxiety and probably momentarily you were able to forget about the ardous task of competing.

I do hope that this program here at the school provided you with some of the basic information that you will need in furthering your education because the real test as to whether or not you progressed can only be determined by you and the way you meet life in its continous challenging times.

Go your way now but do not forget that whatever measure of success, comes your way, you must always remember those who worked and sacrificed their time and money so that this day was made possible.

C. L. Conyers, Principal

Please permit me only to list a few implications of the outlook for education and training in the years ahead. It is clear that multitudes of opportunities will open up for job-seekers during the years ahead. Your ability to embrace these opportunities, however, will depend, to an important extent, on your education and training. The job world of the future will call for people who have a marketable skill. Will you have these skills? In these days of increasing complexity of jobs and of professional specializations, no one, whether young or old, will be able to offer a great versatility in the job market.

Since the fastest growing occupations also call for the most education or specialized training, it becomes obvious that your chances for a steady, well-paying job in many areas of our economy will be substantially less if you do not prepare yourself beyond high school to meet the challenge.

May I now congratulate you for your achievements to date, and challenge you on to greater milestones.

CLASS HISTORY

As a Wild Cat is lost from the forest, we were lost in making the transition from elementary to high school in September, 1960. The nature of a Wild Cat is to fight, and we were determined to do likewise. We were 65 unskilled cubs. The new year was begun with the election of the following officers: President, Marvin Fauntleroy; Vice President, Barbara Taylor; Secretary, Gladys Morris; Asst. Secretary, Emmett Walker; Treasurer, Jacqueline Garlic; and Parliamentarian, Reggie Lucas, Under the leadership of Miss C. Sample and Miss Reed, later replaced by Mr. Talbert, who was replaced by Miss Lockley we had a banner year. We participated in sports, clubs, and even had delegates to the N.F.A. convention at V.S.C.

In September, 1961, we returned as freshmen. Our class had decreased to 63 members. Our sponsors were Miss C. Sample and Miss E. Lockley. We needed and had the love understanding of devoted parents and teachers who worked by our side each day, with the purpose of developing our abilities and encouraging our dreams. Our officers were: President, Betty Stewart; Vice President, Barbara Taylor; Secretary, Emmett Walker; Treasurer, Louis Hames; Parliamentarian, Allen Rollins. We had many students and achievements to be proud of during that year.

By the time we became "Silly Sophomores", we were 52 in number. Now under the sponsorship of our beloved elementary instructors, Mrs. Edith Ingram and Mrs. Carrie Johnson, we began to perform in full swing. Dianne Parker was the winner of the Miss J.J. Wright contest. Marvin Fauntleroy and Louis Hames represented the class in the state Basketball tournament at Hampton Institute. Others to win laurels were Gerald Fauntleroy and Allen Rollins who rated high at the Science and Math Conference. The officers were: President, Bruce Tyler, Vice President, Betty Stewart, Secretary, Emmett Walker, Ass't. Secretary, Patricia Chew, Treasurer, Louis Hames, and Parliamentarian, Marvin Fauntleroy.

Entering into our Junior year with 42 jolly members, we sponsored a gala Junior Senior Prom, "Blue Hawii". Now in full swing of the high school life, we displayed our many talents. James Smith, Jackie Garlic and Betty Stewart received 1st, 2nd and 3rd place respectively an oratorical contest in the school. Other members won honors in the fields of Science, Math, Art, Athletic and Scholastic Achievement. We had a wonderful year with Mr. N.B. Harper and Mrs. J.G. Simons. We elected the following persons to office: President, Betty Stewart; Vice President, Barbara Taylor; Secretary, Emmett Walker; Ass't. Secretary, Jackie Garlic; Treasurer, Norman Cook; and Parliamentarian, Allen Rollins.

It appeared impossible, that in a five year span, we had lost 26 of the 65 students. Some thought the work was too hard and fell by the way. This gave us a greater incentive to fight, for our next step must be graduation. During our last year we displayed our leadership ability with the following achievements. Allen Rollins, President-Senior Class; Marvin Fauntleroy, President-S. A.; Jackie Garlic, President-Science & Math; Emmett Walker, President-Dramatics Club; Reggie Lucas, President-Band; and Louise Hames, Editor of News Paper. During our last year we proudly had five members on the football team. Our class, now in the lime light of nearly every activity, produced many leaders in the areas of music, choir, business, cheer leading and politeness. Our officers under the sponsorship of Miss Martha Fyre were: President, Allen Rollins; Vice President, Barbara Taylor; Secretary, Jackie Garlic; Ass't. Secretary, Emmett Walker; Treasurer, Norman Cook; and Parliamentarian Marvin Fauntleroy.

We will never forget "old Wright" and all the dear members of the staff who guided us so wisely. We leave to strive for greater heights, and prove that "Superiority Excells Equality".

CLASS POEM

Though past years seemed labled with trouble,
They have vanished and sorrow is gone,
We remember but the pleasure that they brought us,
Sad words have turned to gay song.

Acquaintances have been made in great numbers;
We have gained many a friend or two;
We are now at the threshold of the future;
From now on 'twill be a life that is new.

So here we find the past, the days behind us;
Let the future bring what it may.
Our faces are turned eastward,
We see a light-it shows us the way.

It will not matter which road we travel,
Or over which course we prusue our goal;
We'll be true to our formal guidance,
In our hearts cherish traditions of old.

And each day as we travel onward,
Trying always some good to render;
Not that our name will ever be remembered,
But for sure progress we will not hinder.

And somewhere in this world of tomorrow,
Each one our goal will attain;
And lose not respect of others,
Merely to have fortune or fame.

May this be farewell, and not goodbye,
As we journey on our way;
May our by-ways cross again tomorrow,
As we meet again someday.

We'll Never Walk Alone

CLASS SONG

Tune: Michael Rowed the Boat Ashore

Time has come for us to leave,
Fare thee well, fare thee well,
As so many have done before,
Fare thee well, fare thee well.
Those happy days we can't retreive,
Fare thee well, fare thee well,
Memories we'll bestow,
Fare thee well, fare thee well.

All our days were not sunshine,
Fare thee well, fare thee well,
Some who started fell behind,
Fare thee well, fare thee well.
We're the ones who didn't decline,
Fare thee well, fare thee well,
We kept pushing up the line,
Fare thee well, fare thee well.

We love old Wright, yes we do,
Fare thee well, fare thee well
And the things we used to do,
Fare thee well, fare thee well,
Freshmen, Sophomores and Juniors, too,
Fare thee well, fare thee well,
Now we leave it all to you,
Fare thee well, fare thee well.

We love the members of our staff,
Fare thee well, fare thee well,
Sometimes hated that they made us do,
Fare thee well, fare thee well.
We were in the water they were the raft,
Fare thee well, fare thee well,
We got on board, they pulled us through,
Fare thee well, fare thee well.

CLASS WILL

We, the class of 1965, in the town of Snell, the county of Spotsylvania, and the state of Virginia, do hereby make this our last will and testament. To the underclassman, we leave our patience and well-known nerve to graduate. To our dear old school we leave the peaceful quiet caused by our absence.

PROPHECY

Now it is the year 1975 and the scene opens as the class of '65 has its first class reunion, in the home of Mr. and Mrs. Willie Washington. First to appear, as always, is Patricia Chew and Evelyn Ford, who have charmed male students as heads of the history department at Yale University.

It is now five o'clock and the crowd is pouring in. Take a look at the cars if you please-from Cadillacs to some of which we don't ever know the names.

The crowd has gathered around Gerald Fauntleroy as usual. Let's see what we can get from the conversations. Allen Rollins is an all pro-center for the Boston Celtics. Gladys Morris, as pretty as ever, along with Rosie Montaque and Lois Wood are stenographers. Emmett Walker is head of the English Department at Columbia University. Marvin Fauntleroy is coach of the unbeaten Trojon Five from V.S.C. General Motors has just hired a new staff of mechanics for its Snell plant. They are head-mechanic, Willie Washington and his assistants Robert Broadus, Alfonzo Brooks, and Lonnie Coleman.

Appearing next-throwing her beautiful voice over the audience-is Dorothy Clark, the lead singer of the Supremes. Here comes Betty Ross in her fur wrap. She's a professional stenographer at Maryland State College and a part-time singer for the Blossoms.

Falling in next are the two greatest things that have ever happened to the Cleveland Browns. All pro-line backers are Gerald Fauntleroy and Louis Hames, former Wildcats. Another great figure for the sports world is Norman Cook, the greatest center-fielder since Willie Mays. Making the scene late, as usual, are three I.B.M. machine operators, Jackie Samuel, Jacqueline Garlic, and James Smith. Here, too, are two members of the electronics board from Cape Kennedy, Reggie Lucas, and David Cole.

What do we have here? Another teacher, Miss Barbara Taylor, head of the History Department at V.S.C. Dedicated to keeping the girls beautiful we have these fine instructors from the Apex Beauty School, Phyllis Brooks, Lucille Tyler, Ethel Tyler, and Rosemary French. Don't worry boys, we have a barber, too, in the hands of Lonnie Coleman. By the way girls, Annie Samuels is setting up a private beauty salon. Look who's here next-the brothers, General Frank and Clyde Rollins, both with twenty years of service in the armed forces. Businessmen here we are again with two lovely stenographers, Miss Linda Broadus and Miss Joan Lewis. Working as a special agricultural consultant to the government is Ernest Smith. We also find two truly great nurses, Dianne Parker and Dorothy Coleman.

Guess What? Lena Horne's special seamtresses are Pearl Carter and Edith Pendleton.

Look who's here with a sign on his back. It's Freddie Coleman. The sign reads "If you should kick the bucket in the next ten years, send your body to Freddie's Funeral Home."
